DIRECTORATE GENERAL OF CUSTOMS VALUATION
CUSTOM HOUSE KARACHI

The Collectors of Customs, Model Customs Collectorates, Appraisement (East / West) / Port Qasim / Preventive, Karachi / Lahore (Appraisement / Preventive) / Sambrial (Sialkot) / Faisalabad / Multan / Islamabad / Hyderabad / Quetta / Peshawar / Gawadar / Gilgit-Baltistan.

**DETERMINATION OF CUSTOMS VALUES OF VEHICLES ABOVE 1800 CC
OF JAPANESE ORIGIN UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING NO 1051/ 2017)

No.Misc/05/2008-VIIIA/443

Dated 21-02-2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of **Vehicles above 1800 CC** of Japanese origin are determined as follows

2. **Background of the valuation issue:** The Customs values of Vehicles above 1800 CC of Japanese origin for model years 2009 to 2013 were determined under Section 25-A of the Customs Act, 1969, vide Valuation Ruling No.655/2014 dated 28-03-2014 and amendment/addendum dated 14.04.2014. A representation was received from the Model Custom Collectorate of Appraisement (East) that existing valuation ruling pertains to Japanese origin vehicles of model year 2009 to 2013 and Japanese vehicles of Model Year-2014 and 2015 are being imported with different specifications therefore values of the same may be determined. Therefore, an exercise was conducted to determine the custom values of the subject vehicles for model year 2014 and 2015 under Section 25Aof the Custom Act, 1969, to reflect the prices prevailing in the international market.

3. **Stakeholders' participation in determination of Customs values:** Meetings were held with stakeholders including representatives of M/s. Indus Motors, M/s Suzuki Motors and the representatives of All Pakistan Motor Dealers Association (APMDA) Karachi to obtain stakeholders inputs on valuation of Vehicles above 1800 CC Japanese origin. Officers from MCC, Appraisement (East/West) also attended the meeting. The local assemblers including M/s Indus Motors Pvt. Ltd. were of the view that new models of Japanese origin vehicles may be acquired from Manufacturers Price Guide Book showing MSRP and value may be determined after allowing 20% discount in MSRP in lieu of local taxes, consumption taxes, acquisition tax and commission and other charges.

4. **Method adopted to determine Customs values:** The Valuation methods provided in Section 25 of the Customs Act, 1969 were followed. The transaction value method under Sub-Section (1) of Section 25 ibid was found inapplicable because sufficient information was not available as per law. Identical / similar goods valuation methods provided in Sub-Sections (5) & (6) of Section 25 ibid furnished unreliable values and wide variation in the declared values. Market enquiry in terms of sub section (7) of Section 25 was also not found helpful in determining the customs values of subject vehicles .Consequently information under section 25(8) of the Customs Act, 1969 was gathered for applying computed value method. The

MSRP of different grades and models of Japanese origin were obtained from M/s Indus Motor Co. Ltd, Karachi. The input regarding determination of custom value of vehicles above 1800cc forwarded by MCC Appraisement (East / West) Karachi has also been examined. Accordingly, the following FOB values of Japanese origin vehicles above 1800cc have been determined / calculated under Computed value method under Sub-Section (8) of Section 25 of the Customs Act, 1969, read with Section 25(9) of the Act ibid on the basis of price of vehicles indicated in MSRP, after allowing 20% discount on account of consumption taxes, acquisition taxes, commission and other charges. However, freight charges shall be added along with 1% insurance and 1% landing charges at the time of assessment.

5. Customs values for Vehicles above 1800 CC: Vehicles above 1800 CC of Japanese origin specified as enumerated in the Annex- **Table A to Table J** for the model year 2014 and 2015 shall be assessed to duty / taxes at the values given therein.

Note:

- (i) *The addition of freight charges, 1% insurance and 1% landing charges shall be made at the time of assessment.*
- (ii) *Clearance Collectorate to confirm the grade/code of each vehicle before clearance to obviate any attempt of mis-declaration*
- (iii) *In case, any error is observed in values determined in this Valuation Ruling, the same may be referred to this Directorate General for correction / clarification thereof.*
- (iv) *Those vehicles which are not mentioned in this Valuation Ruling may be assessed in accordance with the criteria mentioned at Para No.4 of the said valuation ruling provided that vehicles are importable under import policy order and import thereof fulfills all conditions prescribed under the law. In case of any dispute or ambiguity, the case may be referred to the Directorate General of Customs Valuation, Karachi to resolve the matter on its merit.*

6. In cases where declared/ transaction values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of Sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the differential between **air freight and sea freight** while applying the Customs values determined in this Ruling.

7. Validity of this Valuation Ruling: The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.

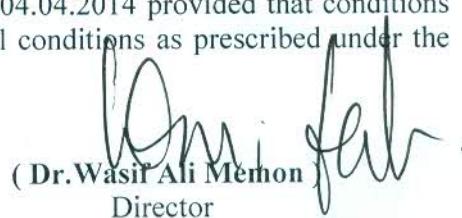

8. Revision of the value determined vide this Valuation Ruling: A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue of this ruling, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.

09. The Collectors of Customs may kindly ensure that the values given in the Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of Directorate General immediately for rectification. Customs values determined in the ruling are for the description and specification as mentioned herein. PCT Codes are mentioned for illustrative purpose so that valuation ruling values are made accessible to the assessing officer. The assessment shall be finalized on the basis of correct classification after fulfilling requisite formalities related to

importability or any other certification required thereon. In addition to this, it is further necessary to verify that there is no mis-declaration of any sort or violation of Import Policy Order or Section 15 of the Customs Act, 1969 or any other law in vogue therein.

10. This valuation ruling will be treated in continuation of valuation ruling No. 655/2014 dated 28.03.2014 and its amendment/ addendum dated: 04.04.2014 provided that conditions are fulfilled as laid down in import policy order and all conditions as prescribed under the law.
