Determination of Customs Values of Keyboard and Mouse under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. ¹⁰⁸⁴ / 2017)

No. Misc/31/2013-VII ¹⁷²²

Dated: **March 15, 2017**

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Keyboard and Mouse are determined as follows: -

2. **Background of the valuation issue:** Customs values of Computer Keyboard and Computer Mouse of Low end brands were notified vide VDB letter Nos. 87 and 88, both dated 18-11-2016. Meanwhile this Directorate General initiated an exercise for determination of customs values of Keyboard and Mouse under Section 25A of the Customs Act 1969.

3 **Stakeholders' participation in determination of Customs values:** A meeting with stakeholders was held on 01-03-2017. Importers had been requested to furnish the following documents before or during the course of meeting:

- A. Invoices of imports during last three months showing factual value.
- B. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- C. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- D. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

4. No documents were submitted in this Directorate General on or even before the said scheduled meetings. During the course of the meeting, the stakeholders claimed that the values of raw material of the Keyboard and Mouse of China origin have actually reduced in the international market as compared to the values notified vide VDBs , therefore, the values needed downward revision. They were requested to submit import invoices, sales tax invoices, literature, evidences and other relevant requisite import documents in support of their contention. They did not provide any documents or evidence to substantiate their contentions.

5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs values of Keyboard and Mouse, with wire and Wireless. Transaction value method provided in Section 25 (1) was found inapplicable owing to wide variation in the values being declared to the customs. Identical / similar goods value methods provided in Section 25 (5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied upon due to wide variation in declared values of subject goods. Thereafter, market enquiry as envisaged under section 25(7) of the Customs Act, 1969, was conducted. For the purpose, different markets were surveyed repeatedly. All the information so gathered was evaluated and analyzed for the purpose of

determination of customs values. Consequently, the Customs values of Keyboard and Mouse have been determined under Section 25(7) of the Customs Act, 1969.

6. **Customs values for Keyboard and Mouse:** Keyboard and Mouse with wire and Wireless (Low End Brands), as *specified herein, shall* be assessed to duty/ taxes at the Customs values given as under:-
