DETERMINATION OF CUSTOMS VALUES OF NON ALLOY STEEL STRIPS
UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1117/2017)

No.Misc/09/2017-VI

896

Dated 30-03-2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Non Alloy Steel Strips, are determined as follows:-

2. **Background of the valuation issue:** Earlier this Directorate General had conducted an audit of clearance values of subject goods and found the same to be on lower side in comparison with the international trading prices and the local selling prices. As an immediate remedial measure, this Directorate General circulated customs value of Non Alloy Steel Strips as one of the risk assessment measures vide Valuation Database letter No. 11 dated 29.06.2016. For application of uniformity, this Directorate General initiated an exercise for determination of customs values of Non Alloy Steel Strips.
3. **Stakeholders' participation in determination of Customs values:** Two meeting with all stakeholders were held on 07-03-2017 & 22-03-2017. All the participants were requested to submit the following documents so that correct customs values could be determined :-
 - i) Invoices of imports during last three months showing factual value.
 - ii) Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
 - iii) Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
 - iv) Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.
4. M/s Abid Industries requested that values circulated vide VDB No.11 are rational and correct as the steel strips under PCT heading 7211.2990 and 7211.9090 are being imported at under-invoiced values by commercial importers. They also submitted import documents accordingly. M/s Al-Badar contended that they import steel strips from Taiwan of different specifications and carbon contents etc. falls under HS Code 7211.2390 for manufacturing of motorcycles 'rims' only therefore these strips are of low value as compared to steel strips with high carbon content and there is no commercial competitor of these strips, hence the value of these strips were not regulated in VDB and so not to be considered in valuation ruling. No other stakeholder submitted the requisite documents for the determination of customs values of Non Alloy Steel Strips. Hence, the matter could not be pended for unlimited period.

5. **Method adopted to determine Customs values:** Valuation methods provided under Section 25 of the Customs Act, 1969 were followed. Transaction value method provided in Section (1) was found inapplicable because required information was not available. Identical / Similar goods value Methods provided in Section 25 (5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied upon due to wide variation in declared values of subject goods. Deductive Value Method as envisaged under Section 25(7) of the Custom Act, 1969, was examined and local market enquiry was conducted which did not prove helpful as this item is not commercially available in market. Online available information was also obtained. The computed value method as provided in Section 25(8) of the Customs Act, 1969, could not be applied as the conversion costs from constituent material at the country of export were not available. All the information collected in the above methods was evaluated and analyzed for the purpose of determination of customs values. Keeping in view all the above, Customs values of Non Alloy Steel Strips are determined under Sub-Section (9) of Section 25 of the Customs Act, 1969.

6. **Customs values for: Non Alloy Steel Strips hereinafter specified** shall be assessed to duty / taxes at the following Customs Values :-

9. **Revision of the value determined vide this Valuation Ruling:** A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue of this ruling, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.
