Determination of Custom Values of Billiard Table and Parts/Accessories thereof Under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO.//26/2017)

No. Misc/20/2017-IX

1041

Dated: April, 13, 2017.

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Billiard Table and Parts/Accessories thereof are determined as follows: -

2. **Background of the valuation issue:** It has been observed that the Billiard Table and Parts/Accessories thereof are being assessed at different customs values at different customs stations. For the purpose of uniform assessment, this Directorate General initiated an exercise for determination of customs values of the subject goods.
3. **Stakeholders' participation in determination of Customs values:** Meeting with stakeholders was held on 27-03-2017 and the importers were requested to furnish the following documents:-
 - A. Invoices of imports during last three months showing factual value.
 - B. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
 - C. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
 - D. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.
4. The meeting was attended by different importers. The importers, during the meeting, agreed that the prices of Billiard Table and Parts/Accessories thereof should be determined under Section 25A in light of prices in the international market, for uniform applicability. They, however, did not submit any corroboratory evidence/documents in support of their proposed values. They requested that they might be allowed some time to furnish evidences and other documents in support of their contentions but failed to submit any such document, even after passage of considerable time.
5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at value of Billiard Table and Parts/Accessories thereof. Transaction value method provided in Section 25 (1) was found inapplicable owing to wide variation in the values being declared to the customs and incomplete descriptions. Identical / similar goods value methods provided in Section 25(5) & (6) were

examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on due to wide variation in declared values of subject goods. Thereafter, market enquiry as envisaged under Section 25 (7) of the Customs Act, 1969, was conducted. As the stakeholders were not forthcoming with the values of the Billiard Table and Parts/Accessories thereof as being traded in the international market, therefore different markets were surveyed repeatedly for the purpose. Online prices were also obtained to corroborate the findings of the market surveys. Computed Value Method as provided in Section 25 (8) could not be applied for valuation of the aforementioned goods as the cost of raw material and fabrication charges under clause (a) and amount of profit and general expenses under clause (b) of Section 25 (8) of the Act, in the country of export, could not be ascertained. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values of Billiard Table and Parts/Accessories thereof. Consequently, the Customs values of Billiard Table and Parts/Accessories thereof have been determined under Section 25 (9) of the Customs Act, 1969.

6. **Customs values for Billiard Table and Parts/Accessories thereof:** Billiard Table and Parts/Accessories thereof, *hereinafter specified*, shall be assessed to duty/taxes at the Customs Values mentioned below:-
