**DETERMINATION OF CUSTOMS VALUES OF GYPSUM BOARD,
GYPSUM TILE AND FIBER CEMENT BOARD UNDER SECTION 25-
A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING NO. 1131 / 2017)

No.Misc/13/2010-V

11080

Dated: 17.04. 2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Gypsum Board, Gypsum Tile and Fiber Cement Board are determined as follows: -

2. **Background of the valuation issue:** Customs values of Gypsum Board, Gypsum Tile and Fiber Cement Board were determined vide Valuation Ruling No.951/2016, dated 13-10-2016. It was deemed expedient to revise the Valuation Ruling in order to make it reflective of current prices prevailing in the international market. Hence, an exercise was conducted to determine customs values of subject goods afresh.
3. **Stakeholders' participation in determination of Customs values:** Stakeholders meeting was held on 05-04-2017 & 11-04-2017. The importers were also requested to furnish the following documents: -
 - (i) Invoices of imports made during last three months showing factual value.
 - (ii) Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
 - (iii) Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
 - (iv) Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.
4. The some importers of Gypsum Board, Gypsum Tile and Fiber Cement Board appeared for meeting 11-04-2017 and contended that there was no change in the international market only few sales tax invoices were submitted by manufacturers M/s DFB Gypsum
5. **Method Adapted to Determine Customs Values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly followed and applied sequentially to address the valuation issue at hand. Transaction value method provided in Sub-Section (1) of Section 25 was found inapplicable because the requisite information under the law was not available to arrive at the correct transaction value. Furthermore, no invoices found from inside import-containers are reported by clearance Collectorates. Identical / similar goods value method provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to determine Customs value of subject goods, this data provided some references, however, it was found that the same cannot be solely relied upon due to the absence of absolute

demonstrable evidence of qualities, and quantities of commercial level etc., and also it was observed that same importers provide misleading description while declaring goods, as other types and varieties of similar goods to avoid the application of valuation ruling. Information available was, hence, found inappropriate. In line with the statutory sequential order of Section 25, this office then conducted a market inquiry using Deductive Value Method under Sub-Section (7) of the Section 25 of the Customs Act, 1969, however, it was found that the determination of Customs value could not be based solely upon this method either. Therefore, valuation method provided vide Section 25 (8) of Customs Act 1969, could not be applied as the conversion cost from constituent materials and allied expenses, at country of export were are not available. Finally, Pral database, market information and international prices through Web were examined thoroughly. All the information so gathered was analyzed for determination of Customs Value of the subject good. Consequently, the Fall Back Method as provided under section 25(9) of the Customs Act, 1969 was applied to arrive at assessable customs values of gypsum board, gypsum tile and fiber cement board.

6. **Customs values for Gypsum Board, Gypsum Tile and Fiber Cement Board hereinafter specified** shall be assessed to duty / taxes at the following Customs Values :-
