Determination of Customs Values of Exhaust Fans under Section 25-A of the Customs Act, 1969

(Valuation Ruling No. 1174/2017)

No. Misc/61/2017-VII / 1323

Dated: May 26, 2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Exhaust Fans are determined as follows: -

2. **Background of the valuation issue:** It has been brought to the knowledge of this Directorate General that the Exhaust Fans are being imported under invoiced as compared to the prevailing prices in the international market. Therefore, this Directorate General initiated an exercise for determination of customs values of Exhaust Fans.

3 **Stakeholders' participation in determination of Customs values:** Meetings with stakeholders were held on 26-04-2017 and 24-05-2017. Importers had been requested to furnish the following documents before or during the course of meeting:

- A. Invoices of imports during last three months showing factual value.
- B. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- C. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- D. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

During the course of meeting, the importers were of the view that the values of Exhaust Fans of China origin have actually reduced in the international market. They were requested to submit import invoices, sales tax invoices, literature, evidences and other relevant requisite import documents in support of their contentions. They provided documents / evidence to substantiate their contentions.

5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs values of Cooking Range Hood/Chimney. Transaction value method provided in Section 25 (1) was found inapplicable owing to wide variation in the values being declared to the customs. Identical / similar goods value methods provided in Section 25 (5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied upon due to wide variation in declared values of subject goods. Thereafter, market enquiry as envisaged under section 25(7) of the Customs Act, 1969, was conducted. For the purpose, different markets were surveyed repeatedly. The computed value method as provided in Section 25(8) of the Customs Act, 1969, could not be applied as the conversion costs from constituent material at the country of export were not available. Online values of subject goods were also obtained. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values.

Consequently, the Customs values of Exhaust Fans have been determined under Section 25(9) of the Customs Act, 1969.

6. **Customs values for Exhaust Fans:** Exhaust Fans, as specified herein, shall be assessed to duty/ taxes at the Customs values given are as under:-
