## Determination of Customs Values of Stationery Items-I (Raw Materials) Under Section 25-A of the Customs Act, 1969

## (VALUATION RULING NO.1181/2017)

No. Misc/06/2009-IX.Part-III/1426

Dated: June 16, 2017.

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Stationery Items-I (Raw Materials) are determined as follows: -

- 2. Background of the valuation issue: Customs values of Stationery Items were earlier determined vide Valuation Ruling No.961/2016, dated 11-11-2016. The customs values of some items were revised by the Director General of Customs Valuation vide Order-in-Revision No. 275/2016, dated 20-12-2016. Many importers filed appeals under Section 194-A of the Customs Act, 1969, against the Order-in-Revision, before the honourable Customs Appellate Tribunal, Karachi. The Tribunal set aside the Order-in-Revision vide order dated 21-01-2017. Meanwhile, some importers approached this Directorate General with the request for provisional clearances under Section 81 of the Customs Act, 1969, in the light of honourable High Court of Sindh, Karachi's judgment in C.P.No.6918/2015, dated 14-11-2015, read with honourable Supreme Court of Pakistan's order, dated 04-08-2016. As the previous Valuation Ruling needed revision in the light of above situation, an exercise was initiated to determine the customs values of Stationery Items, with a view to reflect the current prices prevailing in the international market.
- 3. Stakeholders' participation in determination of Customs values: Meetings with stakeholders were held on 18-05-2017 and 25-05-2017. The stakeholders were requested to bring following documents to make the meeting fruitful.

Invoices of imports during last three months showing factual value.

Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.

Copies of Contracts made / LCs opened during the last three months showing the value of item in question.

- D. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.
- 4. The meeting was attended by different stakeholders. The stakeholders proposed that owing to differences in points of view of importers vis-à-vis local manufacturers, the ruling was being challenged by different stakeholders at various fora. They prayed that Raw materials

notified vide Valuation Ruling No.961/2016, dated 11-11-2016 needed to be notified separately. Similarly separate Valuation Ruling for Pencils/Ball points/Pens of all sorts be issued and other miscellaneous items might be notified through a third Valuation Ruling, so that litigation in case of one item may not stall imports of all 57 items notified vide one Valuation Ruling. This proposal was found reasonable and hence was accepted.

Method adopted to determine Customs values: Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at values of Stationery Items-I (Raw Materials). Transaction value method provided in Section 25 (1) was found inapplicable due wide variation in the values being declared to the customs. Identical/similar goods value methods provided in Section 25 (5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on due to wide variations in declared values of subject goods. The market enquiries could not be conducted as provided under Section 25 (7) of the Customs Act, 1969, because the subject goods used for the manufacturing of the finished goods. Computed Value Method as provided in Section 25 (8) could not be applied for valuation of the aforementioned goods as the cost of raw material and fabrication charges under clause (a) and amount of profit and general expenses under clause (b) of Section 25 (8) of the Act, in the country of export, could not be ascertained. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values. Online values were also obtained. Consequently, the Customs values of Stationery Items-I (Raw Materials) have been determined under Section 25 (9) of the Customs Act, 1969.
