No.Misc/41/2007-II/

Dated:09-01-2013

The Collectors of Customs, Model Customs Collectorates (Appraisement/PaCCS/ Port Qasim/ Preventive), Karachi/ Lahore/ Sambrial/ Faisalabad/ Multan/ Islamabad/ Hyderabad/ Quetta/ Peshawar, Gawadar.

Note :

- i) The customs value determined under this Valuation Ruling shall be applicable customs value for assessment of the relevant goods until and unless revised or rescinded by the competent authority.
- ii) Review application against this valuation ruling may be filed before the Director General of Valuation under Section 25D of the Customs Act, 1969, within thirty (30) days from the date of determination of customs value under this ruling.

Subject : DETERMINATION OF CUSTOMS VALUES OF COSMETICS
(EXCLUDING BRANDS EXCLUDED IN TABLE AT PARA 2) UNDER SECTION
25A OF THE CUSTOMS ACT, 1969.

Valuation of Cosmetics was determined vide Valuation Ruling No.393 dated 27-10-2011. In consideration of the variation of prices in the international market, it was needed to revise and issue an up-dated valuation ruling, reflecting the current international prices, and the same was taken up for fresh determination of values.

2. Accordingly, meetings were held on 03.08.2012, 17.09.2012 and 05.11.2012, which were attended by the representatives of importers and other stakeholders including representative of KCC&I. During the meetings importers insisted that the existing values may be maintained in the wake of downward price trend in the international market, however, no legally admissible evidence to that effect was placed on record to support their contention. Import data was also examined in terms of section 25 (5) & (6) of the Customs Act, 1969, which was found to be quite variable rendering it to be unfit & inadmissible for any fair value determination. Accordingly, next valuation method i.e. deductive method was adopted, as stipulated under section 25(7) of the Act, and market survey was carried out wherein importers/stakeholders' representatives were also associated. It was also agreed that since weight of packing, for the same net content weight of a cosmetic item/perfume/toiletry, can vary significantly from brand to brand, therefore, per kilogram values calculated by including the weight of essential packing and made applicable on gross weight, i.e. net content plus essential packing weight, can lead to distortions at clearance stage, and in order to ensure equitable application of determined values, which will no doubt be inclusive of value of essential packing, need to be calculated on net content weight basis which obviously will be the same for all brands irrespective of packing. While keeping in view the submission made by importers/stakeholders, customs values have been determined under Deductive Method of valuation under section 25 (7) of the Customs Act, 1969, as under:
