(VALUATION RULING NO. 783/2015)

No. Misc/14/2013-I

7463

Dated: December 28th, 2015

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Ginger and Garlic are determined as follows :-

2. **Background of the valuation issue:** References were received from different importers/ stakeholders and All Pakistan Fresh Ginger & Garlic Importers and Whole Sellers Association for revision of valuation ruling as per current declining international prices of Ginger and Garlic. Accordingly to ascertain the current prices prevailing in the international market, an exercise to determine the Customs values of subject goods was under taken by this Directorate General.

3. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were applied sequentially to address the valuation issue at hand. Transaction Value Method under Sub-Section (1) of Section 25 of the Act 1969, was found inapplicable because required information under the law was not available due to multiple sources and difference in quality of the goods depending upon the source country and status of the crops i.e variation in prices due to new and old crops. Identical and Similar Goods valuation methods provided in Sub-Sections (5) and (6) of Section 25 ibid was also found inapplicable as it couldn't be relied upon due to variety of goods varying greatly from country to country subsequently, extensive market enquiries were conducted and Deductive Value Method under Sub-Section (7) of 25 of the Customs Act, 1969, was applied to arrive at assessable Customs values of Garlic and Ginger.

4. **Stakeholders' participation in determination of Customs values:** Meeting with stakeholders including importers, and representatives of trade bodies was held on 28.12.2015 to discuss the current international prices of the subject goods. The view point of all participants was heard in detail and considered to arrive at fair value.
