Determination of Customs Values Of Biscuits Under Section
25-A of The Customs Act, 1969

(VALUATION RULING NO. 838/2016)

No. Misc/09/2013-1/8830

Dated: 20-04-2016

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Biscuit are determined as follows:-

2. **Background of the valuation issue:** Model Customs Collectorate Appraisement (West) vide letter No. SI/Misc/18/2016-I Group-I (AW) dated 05-03-2016, had informed that the recent clearance data of imported Biscuits is higher than the determined value of the Biscuits which was determined by this Directorate General under Section 25-A of the Customs Act, 1969 vide Valuation Ruling No. 504/2012 dated 19-12-2012. This Directorate General of Customs Valuation as per order of Director General of Customs Valuation issued withdrawal orders of Valuation Ruling No. 504/2012 dated 19-12-2012 vide this office letter No. Misc/9/2012-1/8497 dated 15-03-2016. An exercise to re-determine the Customs values of subject goods was accordingly under taken by this Directorate General.

3. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were adopted and applied sequentially to address the valuation issue at hand. Transaction value method provided in Sub-Section (1) of Section 25 was found inapplicable because it is generally known to all that majority of invoices produced at import stage are manipulated / fabricated and hence the requisite information required under the law was not available to arrive at the correct transactional value. Identical and similar-goods valuation methods provided in Sub-Sections (5) & (6) of Section 25 ibid were examined sequentially for applicability to determine Customs value of subject goods, this data provided some references however, it was found that the same could not be solely relied upon due to absence of absolute demonstratable evidence of qualities, commercial levels etc. and also it was observed that importers usually provide misleading descriptions while declaring their imports, as other types and varieties of similar goods to avoid the valuation ruling. Information available was hence found inappropriate. In line with the statutory sequential order of section 25, this office then conducted a market enquiry using Deductive Value Method under Sub-Section (7) of the Section 25 of the Customs Act, 1969. Consequently, the method provided under section 25(7) of the Customs Act, 1969 was applied and relied upon to derive at and determine assessable customs values of Biscuits.

4. **Stakeholders' participation in determination of Customs values:** Meeting with stakeholders including importers, and representatives of trade bodies was held on 19.04.2016 to discuss the current international prices of the subject goods. The view point of all participants was heard in detail and considered to arrive at fair value. It was appreciated that there is higher, up wardly trend in the values of this product.
