**Under Section 25-A of the Customs Act, 1969**

(VALUATION RULING NO. 925/2016)

No.Misc/03/2006-III

Dated: September, 07<sup>th</sup> 2016

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Plain Particle Board and Primed, Melamined and Veneered Moulded Fiber Door Skin are determined as follows : -

2. **Background of the valuation issue:** Customs value of Plain Particle Board and Prime Moulded Fiber Door Skin were determined vide Valuation Ruling No.719/2015 dated 13.02.2015 followed by Corrigendum dated 23.02.2015. Some importers requested for revision in the light of order of Honorable Sindh High Court in CP 6918 dated 10.11.2015, an exercise was undertaken to re-determine the customs value of the subject goods under Section 25A of the Customs Act, 1969 keeping in view the international price trend.

3. **Stakeholders' participation in determination of Customs values:** A Meeting with stakeholders was held on 16.08.2016 which was attended by commercial importers and local manufacturer including office bears of Karachi Timber Merchants Group (KTMG). The commercial importers requested for downward revision keeping in view the decline in international prices of raw material. The local manufacturer on the other side contended that the values should be raised as the subject goods are available in the international market at higher values. All the participants were requested to provide relevant documents, literature, Sales Tax invoices and proposed workings in support of their contention. However, the stakeholders feedback, written as well as oral, during the meeting has been given due consideration while determining the value for Plain Particle Board and Prime Moulded Fiber Door Skin. It was decided during meeting that Diyar Timber is a different nature of wood than Plain Particle Board and Prime Moulded Fiber Door Skin therefore, the Valuation Ruling of Diyar Timber will be issued separately. It was also brought to the notice of the Directorate that Melamined and Veneered Door Skin were also being imported and have been added to the Valuation Ruling to obliterate the chance of misdeclaration in this sector. Independent Web Sites and data of import and export of regional countries was also examined.

4. **Method adopted to determine Customs values:** Valuation methods provided under Section 25 of the Customs Act, 1969 were followed to arrive at fair value of Plain Particle Board and Primed, Melaminated and Veneered Moulded Fiber Door Skin. Transaction value method provided in Section 25 (1) was found inapplicable because the requisite information was not available. Identical / similar goods value Methods provided in Section 25(5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on due to wide variation in the prices. Thereafter, market enquiry as envisaged under Section 25(7) of the Customs Act, 1969, was conducted and the findings of market enquiry were also considered for determination of customs value for Plain Particle Board and Primed, Melaminated and Veneered Moulded Fiber Door Skin. This method could not be relied upon as prices varied according to selling points in the city. The computed value method as provided in Section 25(8) of the Customs Act, 1969, could not be applied as concerned costs in the country of export were not available. Keeping in view all the factors and after carefully analyzing all the information from different sources and input provided by the stakeholders customs values of subject goods were determined under Section 25(9) of the Customs Act, 1969.
