**DETERMINATION OF CUSTOMS VALUES OF LATEX, VINYL & NITRILE
EXAMINATION & SURGICAL GLOVE H.S CODE 4015.1100 and 4015.1900 UNDER
SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING NO. 950/2016)

No. Misc/08/2015-III

19583

Dated : 06- Oct , 2016

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Latex, Vinyl & Nitrile Examination & Surgical Gloves are determined as follows:-

2. **Background of the valuation issue:** Customs values of Latex and Vinyl Examination & Surgical Gloves were determined vide Valuation Ruling 766/2015 dated 12.10.2015. The Valuation Ruling was almost one year old and needed to be revised keeping in mind the prevalent values of the goods in the international market. Therefore, an exercise was undertaken to re-determine the customs value of the subject goods.
3. **Stakeholder's participation in determination of Customs values:** Meetings with the stakeholders were held on 22.06.2016 & 06.10.2016. The participants were requested to furnish the following documents:
 - i. Invoices of imports during last three months showing factual value.
 - ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
 - iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
 - iv. Copies of Sales Tax Invoices issued during last three months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

The meeting was attended by some of the importers however; no requisitioned documents were submitted by them. During the meeting it was decided that Nitrile gloves were being mis-declared and needed to be added in current Valuation Ruling.

4. **Method adopted to determine customs values:** Valuation methods given in Section of the Customs Act, 1969 were applied sequentially to address the valuation issue at hand. Transaction value method under Sub-Section (1) of Section 25 of the Act, 1969, was found

inapplicable because required information under the law was not available. Identical / similar goods value methods provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case which provided some reference value of the subject goods but the same could not be relied upon due to wide variation. In the sequential order this office then resorted to conduct a market inquiry in terms of Sub-Section (7) of Section 25 of the Customs Act, 1969. The values obtained from market enquiries were worked back to arrive at C&F values. These values were also discussed with the stakeholders who attended the meetings and they also agreed with the findings of this Directorate.

5. **Customs values for Latex, Vinyl & Nitrile Examination & Surgical Gloves:** Customs values of Latex, Vinyl & Nitrile Examination & Surgical Gloves hereinafter specified, shall be assessed to duty/taxes on the Customs values mentioned against them in the Table below :

In case of consignments imported by air, the assessing officer shall take into account air freight while applying the Customs values determined in this Ruling.

7. **Validity of this Valuation Ruling:** The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.

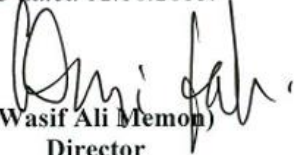

8. **Revision of the value determined vide this Valuation Ruling:** A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30
