Subject : Development of Valuation Database : Reference Value for Steel Concrete Spiral Nails

This Directorate General has initiated an exercise to develop database values for different items wherein it has been observed that declarations are wide range and do not correctly reflect values of the items as traded in the international market. During the scrutiny of previous clearance data, it has ben observed that Steel Concrete Spiral Nails falling under PCT heading No.7317.0010 are being assessed at different values and certain transactions are on very lower side.

3. This Directorate General, after carefully examining the clearance data, also conducted market inquiries to verify the authenticity of declarations. Online prices were also obtained to corroborate the findings of the market surveys. This office, therefore, has found that the customs value of Steel Concrete Spiral Nails is as follows : -

S.No.	Description	Origin	Customs Value C&F US\$ / Kg
i)	Steel Concrete Spiral Nails	China	1.47

4. These values are, however, for reference / guidance only and final assessment may please be made after considering other factors which have bearing on the customs value.

5. The clearance Collectorates may like to consider the value given above before finalizing the assessment of subject item. If further fine-tuning in specifications and ensuing values are required, Collectorate may forward a reference alongwith detailed justifications and worksheets so that requisite adjustments are accordingly issued.
