Determination of Customs Values of LED Bulb and LED Tube Light under Section 25-A of the Customs Act, 1969

(Valuation Ruling No. 1192/ 2017)

No. Misc/68/2017-VII 11540

Dated: July 7, 2017

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of LED Bulb and LED Tube are determined as follows: -

2. **Background of the valuation issue:** It has been brought to the knowledge of this Directorate General that LED Bulbs and LED Tube Lights were being assessed at varying values, mostly under invoiced. Therefore, this Directorate General initiated an exercise for determination of customs values of LED Bulbs and LED Tube Lights.

3 **Stakeholders' participation in determination of Customs values:** A meeting with stakeholders was held on 05-07-2017. Importers had been requested to furnish the following documents before or during the course of meeting:

- A. Invoices of imports during last three months showing factual value.
- B. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- C. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- D. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

4. During the course of the meeting, the importers were of the view that the values of LEDs Bulb and Tube Lights were much lower than the values worked out by the department. However, importers did not submit import invoices, sales tax invoices, literature, representative samples, evidences and other relevant requisite import documents in support of their contentions. Local manufacturer was of the view that some importers were clearing at under invoiced values.

5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs values of LED Bulb and LED Tube Lights. Transaction value method provided in Section 25 (1) was found inapplicable owing to wide variation in the values being declared to the customs. Identical / similar goods value methods provided in Section 25 (5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied upon due to wide variation in declared values of subject goods. Thereafter, market enquiry as envisaged under section 25(7) of the Customs Act, 1969, was conducted. For the purpose, different markets were surveyed repeatedly. The computed value method as provided in Section 25(8) of the Customs Act, 1969, could not be applied as the conversion costs from constituent material at the country of export were not available. Online values of subject goods were also obtained. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values. Consequently, the Customs values of LED Bulb and LED Tube Lights have been determined under Section 25(7) of the Customs Act, 1969.

6. **Customs values for LED Bulb and LED Tube Lights:** LED Bulb and LED Tube Lights, as specified herein, shall be assessed to duty/ taxes at the Customs values given are as under:-
