Determination of Customs Values of Ginger & Garlic Under Section
25-A of The Customs Act, 1969

(VALUATION RULING NO. 1197/2017)

No. Misc/14/2013-1/1651 Dated: August 7th 2017

In exercise of powers conferred under Section 25-A of the Customs Act, 1969,
Customs values of Ginger & Garlic are determined as follows:-

2. Background of the valuation issue: Customs Values of Ginger & Garlic from
different origins were determined vide Valuation Ruling No. 822/2016 dated 22.03.2016 and
Ruling No. 824/2016 dated 31.03.2016. All Pakistan Fresh Ginger & Garlic Importers and
Whole Sellers Association and some other importers filed requests for the re-determination of
the previous Ruling since the same was more than one year old. It was deemed expedient to
re-determine values of Ginger & Garlic in line with the international price trends. Hence, an
exercise was initiated by this Directorate General to re-determine the customs values afresh.

3. Stakeholders' participation in determination of Customs values: A meeting was
scheduled on 18-07-2017 with stakeholders and importers of subject goods which was
attended by representatives of clearance Collectorate also. All stakeholders were requested to
submit the following documents:

i. Invoices of imports during last three months showing factual value.
ii. Websites names and E-mail addresses of known foreign suppliers of the item in
question through which the actual current value can be ascertained.
iii. Copies of Contracts made/LC's opened during the last three months showing the
value of item in question.
iv. Copies of Sales Tax invoices issued during last four months showing the
differences in price (excluding duty and taxes) to substantiate that the benefit of
difference in price is passed on to the local buyers.

The importers/stakeholders and All Pakistan Fresh Ginger and Garlic Association contended
that the prices of garlic had seen a decline whereas that of ginger had risen in the
international market.

4. Method adopted to determine Customs values: Valuation methods provided in
Section 25 of the Customs Act, 1969 were duly followed and applied sequentially to address
the valuation issue at hand. Transaction value method provided in Sub-Section (1) of Section
25 was found inapplicable as the requisite information was not available as per law. Identical
similar goods value methods provided in Sub-Sections (5) & (6) of Section 25 ibid were
examined for applicability to determine Customs value of the subject goods. This data
provided most of the relevant values. In line with the statutory sequential order of Section 25, this office then conducted market inquiries using deductive value method under Sub-Section (7) of Section 25 of the Customs Act, 1969. Input regarding market values of Indian origin garlic & ginger were obtained from Directorate of Customs Valuation, Lahore also. Computed Value Method as provided in Section 25 (8) could not be applied as the subject goods are natural products. Finally, clearance data, market information and international prices through the internet were examined thoroughly and the information so gathered was utilized and analyzed for determination of Customs Values of Ginger & Garlic under Section 25(9) of the Customs Act, 1969.

5. Customs values for Ginger & Garlic: Ginger & Garlic hereinafter specified shall be assessed to duty and taxes at the following Customs Values:-
