Determination Of Customs Values of Latex Rubber Threads Under Section 25-A of the
Customs Act, 1969

(VALUATION RULING NO./214/2017)

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969,
Customs values of Latex Rubber Threads are determined as follows:

2. Background of the valuation issue: The customs values of ‘Latex Rubber Threads’
were determined under Section 25A of the Customs Act, 1969, vide Valuation Ruling
No.1019/2017 dated 24-01-2017. Some importers approached this Directorate General with the
request that the existing Valuation Ruling needs revision in the light of Honourable High Court
of Sindh, Karachi’s judgment in C.P.No.6918/2015, dated 14-11-2015, read with Honourable
Supreme Court of Pakistan’s order, dated 04-08-2016, as the current prices have decreased in
the international market. Hence, this Directorate General initiated an exercise for determination of
customs values of the subject goods.

3. Stakeholders’ participation in determination of Customs values: Meetings with
stakeholders were held on 12-09-2017 and 14-09-2017. The stakeholders were requested to
furnish the following documents before or during the course of above said meeting:-

A. Invoices of imports during last three months showing factual value.
B. Websites, names and E-mail addresses of known foreign manufacturers of the item in
question through which the actual current value can be ascertained.
C. Copies of Contracts made / LCs opened during the last three months showing the value of
item in question.
D. Copies of Sales Tax Invoices issued during last four months showing the difference in
price (excluding duty and taxes) to substantiate that the benefit of difference in price is
passed on to the local buyers.

4. The meetings were attended by different stakeholders. The local manufacturer was of the
view that there is no decline/change in prices in the international market. However, the importers
were of the view that downward trend in prices has occurred, but they could not submit any
corroboratory documents in their support except international graphic representation of rubber
values shown on internet website for the reference period, depicting slight downward trend.

5. Method adopted to determine Customs values: Valuation methods given in Section 25
of the Customs Act, 1969 were followed to arrive at customs value of Latex Rubber Threads.
Transaction value method provided in Section 25 (1) was found inapplicable because the
requisite information was not available as per law. Identical/ similar goods value methods
provided in Section 25 (5) & (6) were examined for applicability to the valuation issue in the
instant case which provided some reference values of the subject goods. Thereafter, market
enquiry as envisaged under Section 25 (7) of the Customs Act, 1969, could not be conducted
because the subject goods are industrial item. Computed Value Method as provided in Section 25 (8) could not be applied for valuation of the aforementioned goods as the cost of raw material and fabrication charges under clause (a) and amount of profit and general expenses under clause (b) of Section 25 (8) of the Act, in the country of export, could not be ascertained. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values and following values have been determined under Section 25 (9) of the Customs Act, 1969.

6. Customs Values of Latex Rubber Threads: Latex Rubber Threads, hereinafter specified, shall be assessed to duty/taxes at the following Customs Values:
