Determination of Customs Values of Brake Fluid (HS Code 2710.1994)
Under Section 25-A of the Customs Act, 1969.

(Valuation Ruling No. 759 / 2015)

No. Misc/12/2010-I

Dated: September 09, 2015

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Brake Fluid (HS Code: 2710.1994) are determined as follows:

2. Background of the valuation issue: The Customs values of Brake Fluid (HS Code 2710.1994) were determined under Section 25-A of the Customs Act, 1969 vide Valuation Ruling No. 561/2013 dated 20-06-2013. M/s Indus Mobiles Pvt Ltd, an importer of brake fluid, filed a Constriction Petition in the Sindh High Court on the grounds that Valuation Ruling 561/2013 is old and does not reflect current international market prices which have considerably gone down. Honorable Sidh High Court vide orders No. CP- D-1300/ 2015 dated May 15, 2015 directed to re-determine values after hearing the petitioner's point of view. Consequently exercise for determination of customs values of brake fluid was initiated afresh under section 25-A of the Customs Act, 1969. /u

3. Stakeholders' participation: Meetings were scheduled with stakeholders including the petitioner, representatives of importers, clearance Collectorates, Chamber of Commerce, and trade bodies on 10.06.2015, 02-07-2015 and 24-08-2015 for their input on the subject issue. In the meetings all issues relating to the values of Brake Fluid were discussed in detail. The point of view of petitioner and other importers were heard in detail. The importers mainly relied on the fact the international market prices of petroleum products including brake fluid have decreased drastically, and that with the existing values in the ruling, they are unable to market their item in Pakistan.

4. Method adopted to determine Customs values: Valuation methods given in Section 25 of the Customs Act, 1969 were applied sequentially to address the valuation issue at hand. Transaction Value Method under Sub-Section (1) of Section 25 of the Customs Act, 1969 was found inapplicable because required information under the law was not available. Identical and Similar Goods valuation methods provided in Sub-Sections (5) and (6) of Section 25 of the Customs Act, 1969

provided some reference values but due to wide variations the same could not be relied upon. In the sequential order this office conducted a market inquiry in terms of Sub-Section (7) of Section 25 of the Customs Act, 1969. Stakeholders meeting were also conducted for their input and feedback. On-line values were also checked. Consequently Customs values of Brake Fluid are determined under sub-section (7) of Section 25 of the Customs Act, 1969.

5. Customs values for Brake Fluid: Brake Fluid *hereinafter specified shall* be assessed to duty/ taxes at the Customs values given in the following table :-
