DETERMINATION OF CUSTOMS VALUES OF CHEMICALS
UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO.793 / 2016)

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Chemicals are determined as follows:-

2. Background of the valuation issue: Customs values of Chemicals were determined vide Valuation Ruling No.609/2013 dated 11-11-2013. The trade community was demanding revision in prices of chemicals, claiming to downward trend in their prices in international market. Accordingly to ascertain the current prices prevailing in the international market, an exercise to determine the customs values of Chemicals were under taken by this Directorate General.

3. Stakeholder's participation in determination of Customs values: Meeting with the stakeholders was held on 06-01-2016. It was attended by commercial importers as well as local manufacturers of chemical industries and office bearers/representatives of Pakistan Chemical Dyes Merchants Association (PCDMA). Though the participants as well as the Association, namely, Pakistan Chemicals & Dyes Merchants Association, were requested to provide documents like Copies of contracts made/LC's, Sales Tax Invoices, to substantiate their contention of decrease in market prices, yet they did not provide required documents before the meeting. Again during the meeting the participants were requested to (i) submit Invoices of imports made during last three months showing factual value,(ii) Websites, names and E-mail addresses of known foreign manufacturers of the items in question through which the actual current value can be ascertained, (iii) Copies of Contracts made / LC's opened during the last three months showing the value of items in question and (iv) Copies of Sales Tax Invoices issued during last four months showing the difference in prices to substantiate that the benefit of difference in price was passed on to the local buyers.

4. The importers submitted their import invoices, some sales tax invoices and internet websites for checking the prices in international markets. However they were adamant not to submit Sales Tax Invoices alongwith their monthly sales tax returns to ascertain whether they were passing the difference in prices fallen in the international market to consumer/buyer or pocketing the whole difference in prices themselves. It was informed them that maintenance of Sales Tax Invoices and monthly returns is mandatory under the Sales Tax Law on each taxpayer, therefore, they should not be hesitant to submit them to the Customs Department as the Customs
has authority in terms of Sub-section (11) of Section 25 of the Customs Act, 1969, to call any
documents to satisfy about the truthfulness of accuracy of any information or declaration made to
Customs for Valuation purpose. Moreover, they were informed that Sales Tax Invoicess were
authentic documents to show the price on which the goods are traded and a document for
working out the actual C&F price with work-back method in case determination of value is done
under Sub-Section (7) of Section 25 of the Customs Act, 1969. Since they were not forthcoming
to furnish the complete Sales Tax documents on one excuse or the other and the matter was
lingering on, it, was decided to proceed on merit in the light of available record as well as local
market inquiry conducted by the Department.

5. **Method adopted to determine customs values**: Valuation methods given in Section 25
of the Customs Act, 1969 were applied sequentially to address the valuation issue in hand.
Transaction value method under Sub-Section (1) of Section 25 of the Act, 1969, was found
inapplicable because it is generally known to all that most of the invoices are manipulated /
fabricated locally, hence, total reliance thereon cannot be made to ascertain the correct
transactional value. Identical / similar goods value methods provided in Sub-Sections (5) & (6)
of Section 25 ibid were also not found applicable in view of the reason mentioned above in the
case of Sub-Section (1). Market enquiry, as envisaged under Section 25(7) of the Customs Act,
1969, was conducted to determine Customs values for Chemicals of various types/brands/grades
and origins, but could not be solely relied upon owing to variety of market/ location and types of
these items. The computed method as provided under Section 25(8) of the Customs Act, 1969
could not be applied as the conversion costs from constituent material at the country of export
were not available. Finally, import data obtained from PRAL was analyzed and international
prices from various sources on internet were also checked in addition to prices worked back
through market inquiry. All the information so gathered was evaluated and analyzed for the
purpose of determination of customs values. Consequently, the customs values of chemicals have
been determined under Section 25(9) of the Customs Act, 1969.

6. **Customs Values of Chemicals**: Customs values of Chemicals _hereinafter specified_,
shall be assessed to duty/taxes on the Customs values mentioned against them in the Tables
below:

7. In cases where declared / transaction values are higher than the Customs values determined in this Ruling, the assessing officers shall apply those values in terms of Sub-Section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the differential between air freight and sea freight while applying the Customs values determined in this Ruling.

8. **Validity of Valuation Ruling:** The values determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.

9. **Revision of the value determined vide this Valuation Ruling:** A revision petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.

10. The Collectors of Customs may kindly ensure that the values given in the Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of Directorate General immediately for redressal.
