**Determination of Customs Values of Natural Raw Rubber of Different Grades
Under Section 25-A of the Customs Act, 1969**

(VALUATION RULING NO. 929/2016)

No.Misc/10/2010-III

19445

Dated: September 20th, 2016

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Natural Raw Rubber of Different Grades are determined as follows:-

2. **Background of the valuation issue:** Customs values of Natural Raw Rubber of Different Grades were determined vide Valuation Ruling 787/2016 dated 01.01.2016. Some importers requested for revision in the light of order of Honorable Sindh High Court in CP 6918 dated 10.11.2015, therefore, an exercise was undertaken to re-determine the customs value of the subject goods keeping in view the international price trend.

3. **Stakeholder's participation in determination of Customs values:** Meeting with the stakeholders was held on 24.05.2016. It was attended by commercial importers as well as local manufacturers of tyre industries who submitted that the prices of natural rubber had been reduced in the international market. All the participants were requested to provide relevant documents, literature, Sales Tax invoices and proposed workings in support of their contention. Some importers submitted import invoices however, the remaining requisite documents have not been furnished till date.

4. **Method adopted to determine customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were applied sequentially to address the valuation issue in hand. Transaction value method under Sub-Section (1) of Section 25 of the Act, 1969, was found inapplicable because required information under the law was not available. Identical / similar goods value methods provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case which provided some reference value of the subject goods but the same could not be relied upon due to wide variation. Market enquiry as envisage under Section 25(7) of the Customs Act, 1969 could not be conducted as the imported items are of industrial use. The computed method as provided under Section 25(8) of the Customs Act, 1969 could not be applied as the conversion costs from constituent material at the country of export were not available. Finally, import data obtained from PRAL was analyzed and international prices from various sources on internet were also checked. All the information so gathered was evaluated and analyzed for the purpose of determination of customs values. Consequently, the customs values of Natural Raw Rubber of different grades have been determined under Section 25(9) of the Customs Act, 1969.

5. **Customs values for Natural Raw Rubber of Different Grades:** Customs values of Natural Raw Rubber of Different Grades hereinafter specified, shall be assessed to duty/taxes on the Customs values mentioned against them in the Tables below :
