Determination of Customs Values of Sauces /Salad Dressing/Mayonnaise/Mustard &
Tomato Ketchup (In Retail and In Bulk Packing) under Section 25-A of the Customs
Act, 1969.

(VALUATION RULING NO. 95/2016)

No. Misc/08/2015-I/19619  Dated 13-10-2016

In exercise of powers conferred under Section 25-A of the Customs Act, 1969,
Customs values of Sauces / Salad Dressing / Mayonnaise / Mustard & Tomato Ketchup (H.S.
Code: 2103.1000, 2103.2000 and 2103.9000) is determined as follows:

2. Background of the valuation issue: Consequent upon representation by
commercial importers, regarding re-determination of Valuation Ruling No.769/2015 dated 03-
11-2015 for Sauces/ Salad Dressing / Mayonnaise / Mustard & Tomato Ketchup, due to
downward trend in international market prices an exercise was undertaken to re-determine the
Customs Values, in terms of Section 25-A of the Customs Act, 1969.

3. Stakeholders’ participation in determination of Customs values: Meetings
were held on 14-07-2016 and 09-08-2016, with all the stakeholders including local
manufacturers of subject goods and representatives of clearance Collectorate who participated in
the meetings. All the stakeholders strongly contended and requested that the said valuation
Ruling may be reviewed in the light of prevailing international market prices. This trend needs to
be revised downward, otherwise these products will find their way into market through illegal
routes and under the garb of various cargoes. This will create a grey area which will adversely
affect the bona-fide trade and tax revenue of the country. Therefore, valuation ruling price may
be revised downward to save the commercial genuine importers. It was also highlighted that the
subject goods are perishable items and therefore have got limited shelf life, consequently, near
the expiry dates, these perishable items are sold on sale and discounted prices. It was further
contended by the traders that since the subject goods are mainly being sold on super and general
stores, therefore, a lot more expenses (shelf rent, marketing expenses, refrigeration etc.) are
contributed at retail level which cannot be managed without adding extra value to the subject goods.

4. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly followed and applied sequentially to address the valuation issue at hand. Transaction value method provided in Sub-Section (1) of Section 25 was found inapplicable because it is generally known to all that majority of invoices produced at import stage are manipulated/fabricated and hence the requisite information required under the law was not available to arrive at the correct transaction value. Identical/similar goods value method provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to determine Customs value of subject goods, this data provided some references, however, it was found that the same cannot be solely relied upon due to the absence of absolute demonstrable evidence of qualities, and quantities of commercial level etc., and also it was observed that same importers provide misleading description while declaring goods, as other types and varieties of similar goods to avoid the application of valuation ruling. Information available was, hence, found inappropriate. In line with the statutory sequential order of Section 25, this office then conducted a market inquiry using Deductive Value Method under Sub-Section (7) of the Section 25 of the Customs Act, 1969, however, it was found that the determination of Customs value could not be based solely upon this method either. Therefore, valuation method provided vide Section 25 (8) of Customs Act 1969, could not be applied as the conversion cost from constituent materials and allied expenses, at country of export were are not available. Finally, Pral database, information gathered from various markets and international prices through Web were examined thoroughly. All the information so gathered was analyzed for determination of Customs Value of the subject good. Consequently, the Fall Back Method as provided under section 25(9) of the Customs Act, 1969 was applied to arrive at assessable customs values of Sauces /Salad Dressing/Mayonnaise/Mustard & Tomato Ketchup (In Retail and In Bulk Packing).

5. **Customs values for Sauces /Salad Dressing/Mayonnaise/Mustard & Tomato Ketchup (In Retail and In Bulk Packing) (H.S. Code: 2103.1000, 2103.2000 and 2103.9000):** Sauces / Salad Dressing / Mayonnaise / Mustard & Tomato Ketchup hereinafter specified shall be assessed to duty / taxes at the following Customs Values:
