Determination of Customs Values of Adult/Patient Diapers Under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. 1245 / 2018)

No.Misc/09/2016-IX/76

Dated: January 16, 2018

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Adult/Patient Diapers are determined as follows:

2. **Background of the valuation issue:** Earlier customs values of Adult/Patient Diapers were determined vide Valuation Ruling No.935/2016 dated 23-09-2016. Representation of M/s Mehran International, Karachi was received wherein they stated that the price of Adult/Patient Diapers of China origin has increased in the international market. Therefore, this Directorate General initiated an exercise for re-determination of custom values of Adult/Patient Diapers.

3. **Stakeholders' participation in determination of Customs values:** Meeting with stakeholders was held on 22-12-2017. The importers were also requested to furnish the following documents before or during the course of above said meeting:

- A. Invoices of imports during last three months showing factual value.
- B. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- C. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- D. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contention.

4. The importers present during the meeting contended that the prices of Adult/Patient Diapers determined vide the existing valuation ruling are already on the higher side as compared with the international values. They, however, could not submit any corroboratory evidence/documents in support of their contentions. On the other hand, the complainant submitted their declarations to customs and invoices indicating assessable values in support of their contention.

5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs value of Adult/Patient Diapers. Transaction value method provided in Section 25 (1) was found inapplicable owing wide variation in the values being declared to the customs. Identical / similar goods value methods provided in Section 25(5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on due to wide variation in declared values of subject goods. Stakeholder's meeting was also scheduled but during the meeting very divergent point of view regarding international market prices was presented. Consequently, this office

conducted market inquiries in terms of Sub-section (7) of Section 25 of the Customs Act, 1969, resultantly the Customs values of Adult/Patient Diapers have been determined under Section 25(7) of the Customs Act, 1969.

6. **Customs values for Adult/ Patient Diapers:** Adult/Patient Diapers *hereinafter* specified *shall* be assessed to duty/taxes at the following customs values:-
