Determination of Customs Values of Household Appliances
Under Section 25-A of the Customs Act, 1969

(VALEUATION RULING NO. 2291/2018)

C.NO.Misc/04/2006-VII (Part-I )/457 Dated: April 20, 2018

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the
Customs values of Household Appliances are determined as follows:-

2. Description of the valuation issue: The customs values of household appliances were
determined vide valuation ruling No.903/2016 dated 09.08.2016 and revised vide Order-In-
importers have reported to re-determine custom values in the light of current prices in the
international market. A number of representations were received to determine the customs
value of household appliances a fresh keeping in view the international market trends. An
exercise was conducted to determine the customs values of household appliances under
Section 25A of the Customs Act, 1969 in terms of prevailing international prices.

3. Stakeholder’s participation in determination of Customs values: A number of
stakeholders meetings were held in this Directorate General culminating in a meeting held on
15.03.2018 with importers and representatives of field formations. The importers were
requested to submit the following documents before or during the course of stakeholders’
meetings to help in determination of customs values:

i. Invoices of imports during last three months showing factual value.
ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in
question through which the actual current value can be ascertained.
iii. Copies of Contracts made / LCs opened during the last three months showing the value of
item in question.
iv. Copies of Sales Tax Invoices issued during last four months showing the values of supplies
(excluding duty and taxes) to substantiate their contentions.

4. The representatives of Ms Home Plus (Pvt) Limited, Ms, Akbar Corporation, Ms Bin
Bakar International, Ms Sattar Electronics, Ms R&I Electrical Appliances, Ms Singer
Pakistan Limited, Ms Gilani Corporation, Ms Reliance Enterprises, Kashif Electronics, S.M.
Jaffer & Co etc appeared during the course of stakeholders meetings. Representatives of
clearance collectorates also attended the meetings. During the course of meeting the
importers of high end brands (category A) were of the view that their imported items are
being assessed at higher values and there is a huge value difference between Category-A to
B & C and resultantly they are unable to import appliances of brands mentioned in Category-
A. They further stated that the prices of commodities worldwide have reduced. The importers
of category B and C brands of household appliances had a very divergent point of view and
stated that there is a little difference in quality, specification, consumer preference in
household appliances of B and C category, therefore difference in customs values of those of
B and C category may be reduced. They also submitted import documents, invoices and other relevant documents to substantiate their contentions. Certain importers asked for time to submit documents to substantiate their contentions but in spite of lapse of considerable time, no additional record has been furnished.

5. **Method adopted to determine Customs values**: Valuation methods given in Section 25 of the Customs Act, 1969 were followed to arrive at customs values of household appliances. Transaction value method provided in Section 25(1) was found inapplicable because the requisite information was not available. Identical/similar goods value methods provided in Section 25(5) & (6) were examined for applicability to the valuation issue in the instant case which provided some reference values of the subject goods but the same could not be exclusively relied on due to wide variation in declared values of subject goods. Thereafter, market enquiries as envisaged under section 25(7) of the Customs Act, 1969, were conducted. The appliances of some specifications/brands were not readily available in the market; therefore different markets were surveyed repeatedly. Online values were also obtained. All the information so gathered was analyzed and evaluated. Keeping all the above in view, customs values of household appliances have been determined under Section 25(7) of the Customs Act, 1969.

7. **Customs Values of Household Appliances hereinafter specified**, shall be assessed to duty/taxes on the Customs values given therein. The brands which are not covered under the Ruling may please be brought into the notice of this Directorate General so that the same could be suitably incorporated in the Ruling.
