**Determination of Customs Values of Wrist Watches (Low-Brands) Under Section 25-A of the Customs Act, 1969**

**VALUATION RULING NO. 1315**/2018

C.No.DG/VDB/REF/176/2017 Dated: **August 15, 2018**

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, Custom values of Wrist Watches (Low-end Brands) are determined as follows:

2. **Background of the valuation issue:** It was brought to the notice of this Directorate General that values of Wrist Watches (Low-end Brands) are being declared to Customs at much lower values than their current international values. Verifications by this Directorate General reaffirmed this stance. Keeping in view the prevailing prices of the subject items, this Directorate General initiated an exercise for determination of the Customs values of Wrist Watches (Low-end Brands) in terms of Section 25-A of the Customs Act, 1969.

3. **Stakeholders’ participation in determination of Customs values:** Numerous meetings culminating on 17-07-2018 were held with stakeholders including importers and representatives from field formations to discuss the current international prices of the subject goods. The importers / stakeholders were requested to submit the following documents before or during the course of stakeholders’ meetings to help in determination of customs values:
   - Invoices of imports during last three months showing factual value.
   - Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
   - Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
   - Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

4. In spite of lapse of considerable time, no documents or evidences, as requisitioned, were submitted. Importers abstained from participating in the proceedings. Discussions were held with representatives of the clearance Collectorate.

5. **Method adopted to determine Customs Values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969 was found inapplicable due to wide variations in
declarations and incomplete description of specifications/brands. Hence requisite information required under law was not available. Identical/similar goods value methods provided in Sub-Section (5) & (6) of Section 25 of the Customs Act, 1969 provided some reference values but due to wide variations in the declarations the same could not be relied upon exclusively. Information available was hence, found inappropriate. In line with the statutory sequential order of Section 25, this office conducted market inquiries under Sub-Section (7) of Section 25 of the Customs Act, 1969. As there were differences in prices owing to different specifications therefore, a number of surveys were conducted to arrive at customs values. Resultantly, Customs values of Wrist Watches (Low-end Brands) have been determined under section 25 (7) of the Customs Act, 1969.

6. **Customs values for Wrist Watches (Low-end Brands)** *hereinafter specified* shall be assessed to duty/taxes at the following Customs Values:
