Subject: **Development of Valuation Database; Reference Values for Nail Cutter / Clipper (low end / unpopular brands only)**

This Directorate General has initiated an exercise to develop database values for different items wherein it has been observed that declarations are of wide range and do not correctly reflect values of the items as traded in the international market. During the scrutiny of previous clearance data, it has been observed that **Nail Cutter / Clipper (low end / unpopular brands only)** falling under PCT headings **8214.9000** are being assessed at different values and certain transactions are on very low side.

2. This Directorate General, after carefully examining the clearance data, also conducted market inquiries to verify the authenticity of declarations. Online prices were also obtained to corroborate the findings of the market surveys. This office, therefore, has found that the customs values of key chain iron and steel (low end / unpopular brands only) are as follows:

S. No.	Description	Origin	Customs Value C&F US\$/ kg
1	<b>Nail Cutter / Clipper (low end / unpopular brands only)</b>	China	<b>3.75</b>

3. These values are, however, for reference/guidance only and final assessment may please be made after considering other factors which have bearing on the customs value.

4. The clearance collectorates may like to consider the values given above before finalizing the assessment of the subject items. If further fine-tuning in specifications and ensuing values are required, Collectorate may forward a reference along with detailed justifications and worksheets so that requisite adjustments are accordingly issued.

5. In case of any grievance, the importer can file a request to the Directorate General along with substantiating evidences/record for reconsideration/review.
