Subject: Values for Cotton Candy Machine 950 W; Development of Valuation Database Values

This Directorate General has initiated an exercise to develop database values for different items wherein it has been observed that declarations are of wide range and do not correctly reflect values of the items as traded in the international market. During the scrutiny of previous clearance data, it has been observed that Cotton Candy Machine 950 W falling under PCT heading 8516.7990 are being assessed at different values and certain transactions are on very low side.

2. This Directorate General, after carefully examining the clearance data, also conducted market inquiries to verify the authenticity of declarations. Online prices were also obtained to corroborate the findings of the market surveys. This office, therefore, has found that the customs values of Cotton Candy Machine 950 W are as follows:-

S. No	Description of goods	PCT Heading	Proposed PCT for WeBOC	Origin	Customs Value US\$/piece
1	2	3	4	5	6
1	Cotton Candy Machine 950 W	8516.7990	8516.7990.1000	China	190

3. These values are, however, for reference/guidance only and final assessment may please be made after considering other factors which have bearing on the customs value.

4. The clearance collectories may like to consider the values given above before finalizing the assessment of the subject items. If further fine-tuning in specifications and ensuing values are required, Collectorate may forward a reference along with detailed justifications and worksheets so that requisite adjustments are accordingly issued.

5. In case of any grievance, the importer can file a request to the Directorate General along with substantiating evidences/record for reconsideration/review.

5. If the clearance Collectorate or any trader / importer / stakeholder is aggrieved by the Valuation Database values, or further fine-tuning in specifications, and ensuing values is required, the Collector, or the stakeholder, as the case may be, forward a reference to Director Customs Valuation, along with detailed justifications and worksheets, substantiating evidences / record so that requisite adjustments are accordingly considered.
