Determination of Customs Values of Water Based Acrylic Type Self Adhesive Tape (BOPP/OPP) and Hot Melt Rubber Based Self Adhesive Tape in Jumbo/Log Rolls or in Retail Packing Under Section 25-A of the Customs Act, 1969

(VALUATION RULING NO. 1383 / 2019)

No. Misc/27/2004-II / 2197

Dated: 15th July 2019

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, Customs values of Water Based Acrylic Type Self Adhesive Tape (BOPP/OPP) and Hot Melt Rubber Based Self Adhesive Tape in Jumbo/Log Rolls or in Retail Packing are determined as follows:

Background of the valuation issue: Customs values of Water Based Acrylic Type Self Adhesive Tape (BOPP/OPP) and Hot Melt Rubber Based Self Adhesive Tape in Jumbo/Log Rolls or in Retail Packing were earlier determined through Valuation Ruling No.944/2016 dated 04-10-2016. There were many representations from different stakeholders for re-determination of customs values of subject goods in accordance with the current price trend in international markets. Therefore, this Directorate General initiated an exercise for re-determination of customs values of the subject goods in terms of Section 25-A of the Customs Act, 1969.

3. Stakeholders' participation in determination of Customs values: Meetings with stakeholders were held on 14-11-2018, 03-01-2019 and 14-03-2019, to discuss the issue of valuation of subject goods. The stakeholders were also requested to furnish following documents before or during the course of stakeholders' meetings:

- i. Invoices of imports during last three months showing factual value.
- ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

4. The Meetings were attended by different stakeholders including representatives from FPCCI/KCCI, and trade bodies. The local manufacturer contended that that valuation ruling is more than 02(two) years old which should be revised upwards in accordance with the price trends in international markets. On other side, importers contended that the prices of raw materials i.e. BOPP self-adhesive film and adhesive glue have decreased in the international

market and therefore, existing values of the subject goods be rationalized accordingly. The view point of all participants was heard in detail and considered to arrive at Customs values of the subject goods.

5. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in their sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969 was found inapplicable due to wide variations in declarations. Moreover, the stakeholders also did not provide substantial documents to establish the correct transaction value of the goods. Identical / similar goods value methods provided in Sub-Section (5) & (6) of Section 25 of the Customs Act, 1969, provided some reference values but due to wide variations in the declarations the same could not be relied upon exclusively. Thereafter, market enquiries as envisaged under Section 25 (7) of the Customs Act, 1969, were conducted. The prices of raw material have also been examined. However, computed value method as provided in Section 25(8) of the Customs Act, 1969, could not be applied as the goods are used as raw materials and conversion costs from constituent material at the country of export were not available. Online values of subject goods were also obtained. All information so gathered was evaluated and analyzed for the purpose of determination of customs values. Consequently, the Customs values of the Water Based Acrylic Type Self Adhesive Tape (BOPP/OPP) and Hot Melt Rubber Based Self Adhesive Tape in Jumbo/Log Rolls or in Retail Packing have been determined under section 25 (9) of the Customs Act, 1969.

6. **Customs values for Water Based Acrylic Type Self Adhesive Tape (BOPP/OPP) and Hot Melt Rubber Based Self Adhesive Tape in Jumbo/Log Rolls or in Retail Packing:** Water Based Acrylic Type Self Adhesive Tape (BOPP/OPP) and Hot Melt Rubber Based Self Adhesive Tape in Jumbo/Log Rolls or in Retail Packing *hereinafter* specified *shall* be assessed to duty/taxes at the following Customs Values:
