**DETERMINATION OF CUSTOMS VALUES OF STATIONERY ITEMS  
UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969**

**(VALUATION RULING NO. 1407/2019)**

No. Misc/11/2013-VII / 2545

Dated: 2 November, 2019

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Stationery Items are determined as follows: -

2. **Background of the valuation issue:** Customs values of Stationery Items were earlier determined through Valuation Ruling No. 1379/2019 dated 27-06-2019. The Federal Board of Revenue issued CGO No. 15/2019 & 17/2019 dated 13-09-2019 and 19-09-2019 respectively wherein Unit of Measurement (UOM) of a number of commodities including Stationery Items (Pencils crayons etc) This necessitated issuance of new ruling to cover UoM of said items to bring those in low with said CGO was changed from Kilograms to Unit (Per Piece) for the purpose of assessment. Moreover, a number of representations were received in this Directorate General that the values of subject goods needs re-determination of values. Keeping in view the above facts, an exercise to determine the customs values of the subject goods under section 25A of the Customs Act 1969.

3. **Stakeholders' participation in determination of values:** Meeting with stakeholders was convened on 29-10-2019 which was attended by different stakeholders and importers, the participants were requested to submit following documents before or during the course of meeting so that customs values could be determined:-

- i. Invoices of imports during last three months showing customs value.
  - ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
  - iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
  - iv. Copies of Sales Tax Invoices issued during the last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.
4. The modus operandi of converting the values from kilograms to unit basis was discussed and, it was unanimously agreed that list prices published, particularly for Lead Pencil would be taken in

to account and after deducting agreed margins of profit values would be determined on number basis. This way the dispute of weight per gross, in earlier Valuation Ruling, would also be resolved.

**5. Method adopted to determine Customs values:** Custom Valuation methods given in Section 25 of the Customs Act, 1969 were applied in sequential order to address the valuation issue at hand. Transaction value method under Sub-Section (1) of Section 25 of the Act *ibid* was found inapplicable because requisite information under the law was not available. Identical and similar goods valuation methods provided in Sub-Sections (5) and (6) of Section 25 of the Customs Act, 1969 provided some reference values but due to wide variation and suppressed declarations, the same could not be relied upon. In the sequential order this office then resorted to conduct a market inquiry and, consequently, Deductive Value Method under Sub-Section (7) of Section 25 of the Customs Act, 1969, was applied to arrive at the assessable Customs values of the subject goods, being most appropriate for the purpose. All the information together was evaluated and analyzed for the purpose of determination of customs values.

**6. CUSTOMS VALUES FOR STATIONERY ITEM:** Stationery Item *hereinafter specified* shall be assessed to duty/ taxes on the Customs values given against them in the Table below: -
