**DETERMINATION OF CUSTOMS VALUES OF PRINTED CIRCUIT BOARDS PCT
(8534.0000) UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING NO. 1425 / 2019)

No. Misc/11/2013-VI/2591B

Dated: 06th November, 2019

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Printed Circuit Boards are determined as follows: -

2. **Background of the valuation issue:** Customs values of Printed Circuit Boards were earlier determined through Valuation Ruling No. 1168/2017 dated 22-05-2017. The Federal Board of Revenue issued CGO No. 15/2019 & 17/2019 dated 13-09-2019 and 19-09-2019 respectively wherein Unit of Measurement (UOM) of a number of commodities including Printed Circuit Boards was changed from Kilograms to Unit (Per Piece) for the purpose of assessment. Moreover, a number of representations were received in this Directorate General that the values of subject goods in international market have shown upward trend which require re-determination of values. Keeping in view the above facts, an exercise to determine the customs values of the subject goods under section 25-A of the Customs Act 1969.

Stakeholders' participation in determination of values: Meetings with stakeholders were convened on 28-10-2019, 04-11-2019 & 06-11-2019 which were attended by different stakeholders and importers. The stakeholders were requested to submit following documents before or during the course of meeting so that customs values could be determined:-

- i. Invoices of imports during last three months showing customs value.
- ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv. Copies of Sales Tax Invoices issued during the last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

4. **Method adopted to determine Customs values:** Custom Valuation methods given in Section 25 of the Customs Act, 1969 were applied in sequential order to address the valuation issue at hand. Transaction value method under Sub-Section (1) of Section 25 of the Act ibid was found inapplicable because requisite information under the law was not available. Identical and similar goods valuation methods provided in Sub-Sections (5) and (6) of Section 25 of the Customs Act.

1969 provided some reference values but due to wide variation and suppressed declarations, the same could not be relied upon. In the sequential order this office then resorted to conduct a market inquiry and, consequently, Deductive Value Method under Sub-Section (7) of Section 25 of the Customs Act, 1969, was applied to arrive at the assessable Customs values of the subject goods, being most appropriate for the purpose. All the information together was evaluated and analyzed for the purpose of determination of customs values.

5. **Customs values for Printed Circuit Boards:** Printed Circuit Boards *hereinafter specified* shall be assessed to duty/ taxes on the Customs values given against them in the Table below: -
