

15.08

15.08 - Ground-nut oil and its fractions, whether or not refined, but not chemically modified (+).

1508.10 - Crude oil

1508.90 - Other

Ground-nut oil or peanut oil is a non-drying oil obtained from the seeds or “nuts” of the common ground-nut (*Arachis hypogaea*), by solvent extraction or by pressing.

The filtered and refined oil is used, for example, as a salad oil, for cooking and for making margarine. Inferior grades are used for making soaps or lubricants.
