- (7) Liquorice extract (cakes, blocks, sticks, pastilles, etc.) containing more than 10 % by weight of sucrose. When put up (i.e., prepared) as confectionery, however, (flavoured or not), liquorice extract falls in the heading irrespective of the proportion of sugar.
- (8) Fruit jellies and fruit pastes put up in the form of sugar confectionery.
- (9) Pastes based on sugar and containing little or no added fat and suitable for transformation directly into sugar confectionery of this heading, but also used as a filling for products of this or other headings, for example :
