

79.05 - Zinc plates, sheets, strip and foil.

This heading covers **plates, sheets, strip and foil**, which are defined in Chapter Note 1 (d); these products correspond to the copper products described in the Explanatory Notes to headings 74.09 and 74.10.

Zinc plates and sheets are used for the manufacture of roofing tiles, dry battery cell containers, photo-engraving, lithographic or other printing plates, etc.

The heading **does not cover** :

- (a) Expanded metal (**heading 79.07**).
- (b) Prepared printing plates, etc., of **heading 84.42**.
