DETERMINATION OF CUSTOMS VALUES OF GAS WATER HEATER (IN CKD/SKD CONDITION) & ITS PARTS, PCTS (8419.1190 & 8419.1990) UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1488 / 2020)

C. No. Misc/01/2020-II/ 5422

Dated: 17-11-2020

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Gas Water Heater (in CKD/SKD condition) & its Parts PCT (8419.1190 & 8419.1990) are determined as follows: -

2. **Background of the valuation issue:** During the analysis of import data of Gas Water Heaters for determination of customs value afresh, it was observed that the volume of Gas Water Heaters (in CBU condition) has declined and most of the imports are in CKD/SKD condition and in parts and variation in values were also observed. Therefore, this Directorate General initiated an exercise for the determination of Customs Values for the subject goods in terms of Section 25-A of the Customs Act, 1969.

3. **Stakeholders' participation in determination of values:** Meetings were held on 28-10-2020 and 05-11-2020 which were attended by different stakeholders. The participants were requested to submit following documents before or during the course of meeting so that customs values could be determined: -

- i. Invoices of imports during last three months showing customs value.
- ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv. Copies of Sales Tax Invoices issued during the last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

During the meeting, representative of the importers stated that the subject goods are being imported in CKD/SKD conditions and are then assembled in Pakistan. The importers contended that their declared values were true transaction values and there was no need to determine their values under Section 25-A of the Customs Act, 1969. However, they did not produce substantial document to prove their stance.

4. **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969, were duly applied in their regular sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable because requisite information was not available as per law. The wide variation of values displayed in the import data as available on record also strengthened the aforementioned fact. Hence requisite information under law was not available to arrive at the transaction value. Therefore, identical / similar goods value methods as provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case. The same provided some reference values but could not be exclusively and solely relied upon. In line with the statutory sequential order of Section 25, this office conducted market inquiries under sub-Section (7) of section 25 of the Customs Act, 1969, However, this method of valuation could not be exclusively relied upon. Therefore, valuation method vide Section 25(8) was examined for valuation but the same also could not be applied as conversion cost from the constituent material and allied expenses, at the country of export were not available for manufacturing of the subject goods. Finally, clearance data, market information and international prices through internet were examined thoroughly and the information so gathered were utilized and analyzed for determination of customs values of the subject goods under Section 25 (9) of the Customs Act, 1969.

5. **Customs values for Gas Water Heater (in CKD/SKD) & its parts hereinafter** specified shall be assessed to duty/ taxes on the minimum Custom values given against them in the Table below: -

Sr. No.	Item Description	H.S Code	Proposed PCT for WeBOC	Origin	Custom Values C&F (US\$)		
					Category "A"	Category "B"	Category "C"
1	Gas Water Heater (in CKD/SKD condition of 6 Litres)	8419.1110 8419.1910	8419.1110.1000 8419.1910.1000	China	19.98/PC	18.90/PC	18.36/PC
2	Parts for Gas Water Heater	8419.1190 8419.1990	8419.1190.1000 8419.1990.1000	China	2.96/Kg	2.80/Kg	2.72/Kg
Note: In case of Gas Water Heaters in CKD/SKD are imported in different Litres, the assessment shall be made on prorata basis.							
Category A: Super Asia, NASGAS, Canon, Golden Fuji, Extreme, Atlas, Boss, Fotile, Ambassador, Rinnai, Super Rinnai, Siemens, Kitchen Master							
Category B: Annex, Annex-Plus, Insta Gas, Ardi, West Point, Bester, Super, Jackpot, Seco, SEC, Deuron, Taurus, Sogo, Geepas, General, Perfect, Yeso, Xelent, Win							
Category C: Low End Brands							

6. In cases where declared / transaction values are higher than the Customs values determined in this Ruling or higher evidential data is available of stipulated period of 90 days, the assessing officer shall apply those values in terms of Sub-Section 25(1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the differential between air freight and sea freight while applying the Customs values determined in this Ruling.
