**DETERMINATION OF CUSTOMS VALUES OF INORGANIC CHROME PIGMENTS PCT  
3206.2010 UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING NO. 1522/2021)

C. No. Misc/01/2020-II/ 206

Dated: 11 -03-2021

In exercise of the powers conferred under Section 25-A of the Customs Act, 1969, the Customs values of Inorganic Chrome Pigments under PCTs (3206.2010) are determined as follows:

2. **Background of the valuation issue:** A representation was received by M/s. Poplon Pakistan (Pvt.) Ltd regarding mis-declaration and under invoicing in the clearance of Inorganic Chrome Pigments. The applicant also approached Federal Tax Ombudsman who advised this Directorate General to consider the grievances of the applicant. Therefore, this Directorate General initiated an exercise for determination of Customs Values of the subject goods in terms of Section 25-A of the Customs Act, 1969.

3. **Stakeholders' participation in determination of values:** Meetings were scheduled and held on 04-06-2020, 03-12-2020, 21-12-2020 and 11-02-2021 that were attended by different stakeholders including M/s ICI Pakistan Limited but no one appeared from M/s. Poplon Pakistan (Pvt.). The participants were requested to submit following documents before or during the course of meeting so that customs values could be determined: -

- i. Invoices of imports during last three months showing customs value.
- ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv. Copies of Sales Tax Invoices issued during the last four months showing the difference in price (excluding duty and taxes) to substantiate their contentions.

During the meetings, the importers were of the view that the subject goods are used as raw material for paint industries and that some of the commercial importers are mis-declaring the values on lower side. They further stated that the prices of inorganic chrome pigment depend on its color and grades. Therefore, values may be determined under Section 25A of the Customs Act, 1969 for uniform clearances from the Custom Stations all over the country. The view points of the participants were

heard in detail. They were requested to submit the import documents which were considered to arrive at Customs values of the subject goods.

**4. Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969, were duly applied in their regular sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable because requisite information was not available as per law. The wide variation of values displayed in the import data as available on record also strengthened the aforementioned fact. Hence requisite information under law was not available to arrive at the transaction value. Therefore, identical / similar goods value methods as provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case. The same provided some reference values but could not be exclusively and solely relied upon. In line with the statutory sequential order of Section 25, this office conducted market inquiries under sub-Section (7) of section 25 of the Customs Act, 1969, however, this method of valuation could not be exclusively relied upon. Therefore, valuation method vide Section 25(8) was examined for valuation but the same also could not be applied as conversion cost from the constituent material and allied expenses, at the country of export were not available for manufacturing of the subject goods. Finally, clearance data, market information and international prices through internet were examined thoroughly and the information so gathered were utilized and analyzed for determination of customs values of the subject goods under Section 25 (9) of the Customs Act, 1969.

**5. Customs values for Inorganic Chrome Pigments under PCTs (3206.2010) -hereinafter specified shall be assessed to duty/taxes on the minimum Customs values as under:**

**6.** In cases where declared / transaction values are higher than the Customs values determined in this Ruling or higher evidential data is available of stipulated period of 90 days, the assessing officer shall apply those values in terms of Sub-Section 25(1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officer shall take into account the differential between air freight and sea freight while applying the Customs values determined in this Ruling.

**7. Validity of this Valuation Ruling:** The value determined vide this Ruling shall be the applicable Customs value for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (1) or (3) of Section 25-A of the Customs Act, 1969.

8. **Review of the value determined vide this Valuation Ruling:** A review petition may be filed against this Ruling, as provided under Section 25-D of the Customs Act, 1969, within 30 days from the date of issue, before the Director General, Directorate General of Customs Valuation, 7<sup>th</sup> Floor, Custom House, Karachi.
