

## 80.01

### 80.01 - Unwrought tin.

8001.10 - Tin, not alloyed

8001.20 - Tin alloys

This heading covers **unwrought tin** in blocks, ingots, pigs, slabs, bars, sticks or similar forms, and fragments, granules and similar products, of tin. Most of the products of this heading are intended for use in tin-plating, for rolling or extrusion, for the manufacture of alloys, or for casting into shaped articles.

This heading **excludes** tin powders and flakes (heading 80.07).
