In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Non-Carbon Releasing Paper, Art Card/Coated Board/Paper and Light Weight Coated Papers are determined as follows:

2. **Background of the valuation issue:** Earlier, the Customs values of subject goods were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1717/2022 dated 20-12-2022. However, different stakeholders requested to re-determine Customs values afresh in line with values prevalent in the international market. Therefore, an exercise has been undertaken by this Directorate to determine the same.

3. **Stakeholders' participation in determination of Customs values:** Meeting was convened on 07-09-2023 which was attended by all the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meetings. The stakeholders contended that the international prices have declined approximately upto 30% on Pulp (Raw material for paper) and the end product has also considerably declined. They further contended that the overall freight has also decreased, thus, resulting in decreased import values of subject items. They submitted their proposals for consideration and the same were considered pertaining to the valuation of subject goods.

4. **Analysis / Exercise done to determine Customs Values:** In this regard, Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. Subsequently, contention of stakeholders regarding decline in international prices of raw material by 30% and end product price decline has been examined in the light of prices retrieved from the international publication, namely Asian Pulp & Paper Monitor (Risi Info), showing price trend of the subject goods in the international market.

4. **Method (s) adopted to determine Customs values:** The Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was considered. In furtherance thereof, the declarations by the importers,

along-with the contracts made by them, have been analyzed in view of the international market prices as referred in Risi Info. Finally, the values of offset paper for writing, printing and photocopy have been determined in terms of Section 25 (1) read with proviso to Section 25(A)(1) of the Customs Act, 1969.
