DETERMINATION OF CUSTOMS VALUES OF PLAIN DECORATIVE PAPER UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

1844

(Valuation Ruling No. /2024)

C. No.DG/VDB/REF/105/2016-III/51

Dated: 19-01-2024

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Plain Decorative Paper are determined as follows:

Background of the valuation issue: Earlier, the Customs values of subject goods were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No. 1673/2022 dated 05-07-2022. However, different stakeholders requested to re-determine Customs values afresh in line with values prevalent in the international market. Therefore, an exercise has been undertaken by this Directorate to determine the same.

2. Stakeholders' participation in determination of Customs values: Meetings were convened on 27-11-2023 and 07-12-2023 which were attended by all the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meetings. The stakeholders contended that the international prices have shown downwards trend. They further contended that the overall freight has also decreased, thus, resulting in decreased import values of subject items. They submitted their proposals for consideration and the same were considered pertaining to the valuation of subject goods.

3. Analysis / Exercise done to determine Customs Values: The importers contended that the Customs Values of Plain Decorative Paper are on higher side as compared to the prices in the International markets. Therefore, previous Valuation Ruling No. 1673/2022 dated 05-07-2022 needed to be revised. In this regard, Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. The available data / information collected such as sales contracts, proforma invoices, and Export GDs of the stakeholders were thoroughly scrutinized and freight value at the time of previous VR No. 1673/2022 dated 05-07-2022 and prevailing freight values have been examined which are drastically reduced.

4. Method (s) adopted to determine Customs values: Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in their sequential order to arrive at the Customs value of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as

required under sub-section (2) of Section 25 of Customs Act, 1969. Therefore, identical goods value method provided in Section 25(5) was examined for applicability to determine Customs values of subject goods. However, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidences of quantities and qualities and variation in declaration. Information available was, hence, found incomplete and inapplicable. Subsequently, similar goods value method provided in Section 25(6) was examined for applicability to determine Customs values of subject goods. The data provided some references; however, the same could also not be considered due to absence of absolute demonstrable evidences of quantities and qualities and variation in declaration. Information available was, hence, found incomplete and inapplicable. Market enquiry as envisaged under sub-section (7) of Section 25 of the Customs Act, 1969 was also conducted but could yield no results because Plain Decorative Papers, being industrial goods, were not readily available in the local market. In line with statutory sequential order of section 25, Computed value method, as provided in Section 25(8) of the Customs Act, 1969 was examined, but the same also could not be applied as the conversion cost from the constituent materials and allied expenses, in the country of export, were not available for manufacturing of Plain Decorative Paper. Finally, the Customs values of the subject goods have been determined under Section 25(9) and Customs Rule 121(2) of Customs Rules, 2001 which provides that the methods of valuation, to be employed under sub-section (9) of section 25 of the Act may be inclusive of those laid down in sub-sections (1), (5), (6), (7) and (8) of the said section, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of sub-section (9) of that section.

5. **Customs values for Plain Decorative Paper:** Plain Decorative Paper, hereinafter specified shall be assessed to duty / taxes at the following Customs values:-

S.No.	Description of Goods	PCT Code	Proposed PCT for WeBOC	Origin	Customs Values C & F US\$/Kg
(1)	(2)	(3)	(4)	(5)	(6)
1	Plain Decorative Paper for direct lamination (width 1250mm and weight 70 gsm or above)	4805.9190	4805.9190.1000	China	2.05
			4805.9190.1100	Other Origins	2.65

6. In cases, where declared values are higher than the so determined Customs values, the assessing officers shall apply those values in terms of sub-section (1) of Section 25 of the Customs Act, 1969. In case of consignments imported by air, the assessing officers shall take into account the difference between air freight and sea freight while applying the Customs values in this Ruling.

7. **Validity of these Valuation Ruling:** The Customs values for assessment of subject imported goods, shall be applicable until and unless the same are rescinded or revised by the competent authority in terms of sub-section (4) of Section 25A of the Customs Act, 1969.

8. **Revision of the values determined vide this Valuation Ruling:** If aggrieved, a revision petition may be filed against this ruling as provided under Section 25D of the Customs Act, 1969, within 30 days from the date of its issuance, before the Director General, Directorate General of Customs Valuation, 7th Floor, Custom House, Karachi.

9. The Collectors of Customs may kindly ensure that the values given in this Valuation Ruling are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of this Directorate immediately. Customs values determined in the Ruling are for the description and specification as mentioned in the table above of this Ruling. PCT Codes are mentioned for illustrative purposes so that Valuation Ruling values are made accessible to the assessing officers. The assessment shall be finalized on the basis of correct classification after fulfilling requisite formalities related to importability or any other certifications required thereon. In addition to this, it is further necessary to verify that there is no mis-declaration of any sort or violation of Import Policy Order or Section 15 of the Customs Act, 1969 or any other law in vogue therein.

10. ***This Ruling supersedes the Valuation Ruling No.1673/2022 dated 05-07-2022.***
