**DETERMINATION OF CUSTOMS VALUES OF EXERCISE MACHINES UNDER
SECTION 25-A OF THE CUSTOMS ACT, 1969**

(VALUATION RULING NO. 1867 /2024)

No. Misc/13/2023-IX

Dated: 21-03-2024

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Exercise Machines are determined as follows:

2. **Background of the valuation issue:** Earlier, the Customs values of Exercise Machines were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.916/2016 dated 26-08-2016. An exercise has been undertaken by this Directorate to re-determine the Customs values afresh in line with values prevalent in the international market.

3. **Analysis / Exercise done to determine Customs Values:** In this regard, meeting on 08-03-2024 was held in the Directorate of Customs Valuation, Karachi. Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. Subsequently, market inquiry has been conducted and examined in the light of this Directorate's Office Order No.17/2014 dated 19-03-2014 and in terms of Section 25 (7) read with Section 25(9) of the Customs Act, 1969.

4. **Method (s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, are duly considered in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as required under sub-section (2) of Section 25 of Customs Act, 1969. Therefore, identical goods value method provided in Section 25(5) was examined for applicability to determine Customs values of subject goods. However, it was found that the same could not be solely relied upon due to absence of demonstrable evidences of quantities and qualities. Information available was, hence, found incomplete. Subsequently, similar goods value method provided in Section 25(6) was also examined for applicability to determine Customs values of subject goods. The assessed values in similar goods import data of exercise machines for the last 90 days of various origins reflected values as per previous VR No. 916/2016 dated 26-08-2016. However, Declared Values (DV) of similar goods had shown

consistent variations. Hence, this method was also found inapplicable. Market enquiry as envisaged under Sub-Section (7) of Section 25 of the Customs Act, 1969 was also conducted but could yield results to some extent because of variation in market prices. In line with statutory sequential order of section 25, Computed value method, as provided in Section 25(8) of the Customs Act, 1969 was examined, but the same also could not be applied as the conversion cost from the constituent materials and allied expenses, in the country of export, were not available for manufacturing of Exercise Machines. Finally, the Customs values of the subject goods have been determined under Section 25(9), read with Section 25(7), and Customs Rule 121(2) of Customs Rules, 2001 which provides that the methods of valuation, to be employed under sub-section (9) of section 25 of the Act may be inclusive of those laid down in sub-sections (1), (5), (6), (7) and (8) of the said section, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of sub-section (9) of that section.

5. **Customs values of Exercise Machines:** hereinafter specified, shall be assessed to duty / taxes at the Customs values as per following Table:-
