DETERMINATION OF CUSTOMS VALUES OF (LOW END BRANDS) LADIES UNDER GARMENTS OF POLY-COTTON BLENDED UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1909 / 2024)

No. D(V)212/2017-IV/1134

Dated: 30-10-2024

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of (Low End Brands) Ladies under Garments of Poly-Cotton Blended of various categories are determined as follows:

2. Background of the valuation issue: Earlier, the Customs values of (Low End Brands) Ladies under Garments of Poly-Cotton Blended were determined vide Valuation Ruling No.1683/2022 dated 26.07.2022. The said valuation ruling was almost two years old and values of subject goods both in international and local markets have shown varying trends. Therefore, an exercise was undertaken by this Directorate to revise the same according to the current price trends prevailing in the international market.

3. Stakeholders' participation in determination of Customs values: A meeting with stakeholders was held on 22.02.2024. All the participants were requested to submit the following documents:

- i. Invoices of imports during last three months showing actual value.
- ii. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual/ current value can be ascertained.
- iii. Copies of Contracts made / L.Cs opened during the last three months showing the value of items in question.
- iv. Copies of Sales Tax Invoices issued during last three months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

The importers/stakeholders did not submit any documents in support of their contention.

4. Method adopted to determine Customs values: Valuation methods provided in Section 25 of the Customs Act, 1969 were duly applied in sequential order to arrive at customs value of subject goods. The Transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969 was found inapplicable due to absence of additional information under sub-section (2) of Section 25 of the Customs Act, 1969 required to arrive at correct transaction value. Moreover, different values were declared by different importers for same product. Identical and similar goods value methods provided in Sections 25 (5) & (6) *ibid* were examined for applicability to determine customs values of subject goods. The data provided some references; however it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidence of qualities and quantities of commercial level etc. Information available was, hence, found inappropriate. In line with statutory sequential order of Section 25 of the act *ibid*, this office conducted market inquiries under sub-section (7) of Section 25 of the Customs Act, 1969. As the prices of Ladies under Garments of Poly-Cotton Blended in the market varied significantly and were dependent on quality of the goods and the location of the selling points, therefore, a thorough survey was conducted to arrive at customs values. PRAL import database, market inquiry and international prices through web were also examined thoroughly in line with proviso to section 25A(1). Consequently, Deductive Value method as provided under Section 25(7) of the Customs Act, 1969 has been applied to arrive at assessable customs values of Ladies under Garments of Poly-Cotton Blended.

5. Customs values of (Low End Brands) Ladies under Garments of Poly-Cotton Blended:- The Ladies under Garments of Poly-Cotton Blended, *hereinafter specified*, shall be assessed to duty / taxes at the minimum Customs values mentioned against them in the Table below:
