Subject: **DETERMINATION OF CUSTOMS VALUE OF GLASS REFILLS FOR VACUUM FLASKS UNDER SECTION 25A OF THE CUSTOMS ACT, 1969.**

1.	Valuation Ruling	Redetermination / revision of values of earlier Valuation Ruling No. 1024/2017 dated 31.01.2017
2.	Date of meetings with stakeholders	The meeting with relevant stakeholders was conducted on 31.10.2024.

3. **Background of the Issue:** The Directorate had issued Valuation Ruling No. 1024/2017 dated 31.01.2017. As the Valuation Ruling is eight (08) years old, accordingly, in pursuance of analysis of import data, current market trends, the difference in market prices and customs values, an exercise for the re-determination of customs values of subject goods was initiated under Section 25 and 25A of the Customs Act, 1969.

4. **Analysis to determine Customs Values:** During the meeting, the stakeholders argued that the Customs values of subject goods as determined vide aforementioned Valuation Ruling were already on higher side. They opined that their declared values are actual transaction values and should be therefore considered for re-determination of Customs values. However, the stakeholders provided limited relevant information and did not fully assist the department in establishing fair customs values. The viewpoints of the stakeholders were heard in detail and evaluated to arrive at the Customs values of the subject goods.

5. **Method (s) adopted to determine Customs values:** Valuation methods, provided in Section 25 of the Customs Act, 1969, were applied in sequential order. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found

inapplicable as declared values do not correspond to market prices. The values of Identical and similar goods as per sections 25 (5) & (6) ibid could not be solely relied upon due to absence of absolute demonstrable evidence of qualities and quantities of commercial level etc. A market enquiry as envisaged under Sub-Section (7) of Section 25 of the Customs Act, 1969 was conducted as per procedure of Office Order No. 17/2014 dated 19-03-2014. Various wholesale and retail markets were visited and the actual prices of subject goods were acquired and by adjusting the amounts of profits, the C&F value was determined under Section 25(7) read with Section 25(9) of the Customs Act, 1969 & read with customs rule 121(2) of the Customs Rules, 2001, which are as under:

6. **Customs values for Glass Refills for Vacuum Flasks** -*hereinafter specified* shall be assessed to duty / taxes on the Customs values given against them in the Table below: -

S. No	Description of Goods	PCT code	Proposed PCT for WeBOC	Origin	Customs Values (C&F) US\$/Kg
(1)	(2)	(3)	(4)	(5)	(6)
1	Glass Refills for Vacuum Flasks	7020.0020	7020.0020.1000	China	1.95
			7020.0020.1100	Others	2.15

7. In cases, where declared values or values in invoice retrieved from the consignment, as the case may be, are higher than the customs values determined in this valuation ruling, the assessment shall be made on higher values in terms of sub-section (1) of Section 25 of the Customs Act, 1969.

8. In case of consignments imported by air, the difference between air freight and sea freight shall be added for the assessment of value.

9. The Valuation Ruling shall be applicable for the descriptions and specifications of goods as mentioned in the aforementioned table. HS Codes are mentioned for illustrative purposes.

10. The Collectorates of Customs shall ensure the implementation of Valuation Ruling and in case of any anomaly may be brought to the notice of this Directorate immediately.
