Various wholesale and retail markets were visited and the actual prices of subject goods were acquired and by adjusting the amounts of profits. Finally, clearance data of similar/identical goods, market information from surveys, online information as well as values from internationally as provided under section 25A ibid so gathered have been utilized and analyzed for determination of custom values of the subject goods under section 25(9) of the Customs Act, 1969, read with Customs Rule 121(2) of the Customs Rules, 2001, which are as under:
