VALUATION RULING NO. 2084 / 2026

1. This Ruling shall be applicable until the same is rescinded or revised in terms of sub-section (4) of Section 25A of the Customs Act, 1969.
2. The revision petition against this Valuation Ruling can be filed, under Section 25D of the Customs Act, 1969 within 30 days before the Director General, Customs Valuation.

Subject: DETERMINATION OF CUSTOMS VALUES OF REVERSE OSMOSIS (RO) MEMBRANE AND ULTRA FILTRATION (UF) MODULES UNDER SECTION 25A OF THE CUSTOMS ACT, 1969.

1.	Valuation Ruling	This Valuation Ruling supersedes Valuation Ruling No. 1652/2022 dated 23.05.2022
2.	Date of meeting with stakeholders	The meeting with relevant stakeholders was conducted on 23.04.2026

Background of the Issue: Previously, the customs values of Reverse Osmosis (RO) Membrane and Ultra Filtration (UF) Modules were determined under Valuation Ruling No. 1652/2022 dated 23.05.2022. However, the said valuation ruling is now almost four years old, and international market prices of the subject goods have changed during this period. Therefore, a preliminary analysis of import data, including declared values, assessed values, and prevailing market prices, was conducted to re-determine the customs values of the subject goods under Section 25A of the Customs Act, 1969.

2. **Analysis to determine Customs Values:** Meeting for determination of customs values was held on the aforementioned date, which was attended by the relevant stakeholders. The viewpoints of the participants were heard in detail, and the stakeholders were requested to submit documentary evidence to substantiate their contentions.

3. **Method(s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as required under sub-section (2) of Section 25 of Customs Act, 1969. Accordingly, Identical valuation method and Similar Valuation method as provided under Section 25(5) and 25(6) were considered. However, it was found that the same could not be relied upon due to absence of absolute demonstrable evidence of quantities and qualities. Moreover, Declared Values (DV) of similar goods showed consistent variations. Hence, this method was also found inapplicable. A market enquiry, as envisaged under sub-section (7) of Section 25 of the Customs Act, 1969, was also conducted in accordance with the procedure laid down in Office Order No. 17/2014 dated 19.03.2014.

Consequently, customs values of Reverse Osmosis (RO) Membrane and Ultra Filtration (UF) Modules have been determined under Section 25(7) of the Customs Act, 1969.

4. **Customs values of Reverse Osmosis (RO) Membrane and Ultra Filtration (UF) Modules:** hereinafter specified, shall be assessed to duty / taxes at the Customs values as given in the table below:-
